

Dear Sirs

I wish to inform you of changes to Scot-Track Ltd.

As of Friday the 12<sup>th</sup> of January 2007 Scot - Track was taken over by Artcom Tradebridge Ltd; more information can be found about us on [www.artcom-tradebridge.com](http://www.artcom-tradebridge.com) , the Scot-Track name will continue. Artcom Tradebridge Ltd has a long history of involvement with Scot-Track as their distributors in Scandinavia; you will see on our website that Scot-Track, Huddig and Ironhorse products all compliment each other in their adaptability and wide ranging possible applications for forestry/agriculture, estate management and in particular the requirements of utility industry for power and telecom.

All current business has been moved to our Crieff base from Nairn and will continue to operate from there, details of that and main personnel are below.

If you have any questions please don't hesitate to call or mail us, teething problems in any new venture will always happen, but we ask you to bear with as we improve and update the service you have enjoyed to date.

We look forward to continuing to do business with you for many years to come, and in the long term... a new Scot-Track model!

Artcom Tradebridge Ltd  
Unit 2E  
South Bridgend  
Crieff  
Perthshire PH7 4DJ
